

# MC BUYERS GUIDE: DIRT BOOTS

□ What happens if you reside in Dry Gulch, Outer Limit or Tinsville, USA and want to purchase a pair of specialized dirt boots or rear shocks, or some other much-needed accessory. Where do you start looking to round up that seemingly elusive info? Even if you happen to live in a sprawling metropolis, when it comes time to buy a cycle accessory, it sure would be nice to have all the choices laid out right before your eyes, wouldn't it? Look no further! Starting with this month's *Motorcyclist*, we'll be featuring a special "Buyer's Guide," covering specialty manufacturers. This month's subject is dirt boots. Take a quick gander at these two pages on foot savers and you'll see what we mean. Easy isn't it? In the comfort of your own abode you can make your choice without the hassle of trudging from store to store, or at least get an idea of what's available. Incidentally, after you decide which one you want, see your favorite accessory shop first. If he doesn't stock it, ask him to order it for you. In any case, if more information is needed on any pair of boots shown, write the manufacturer direct (each manufacturer's address is listed in respective photo caption). Coming up next month in *Motorcyclist's* Buyer's Guide: aftermarket rear shocks, one of the most popular replacement items.
