

WHEN YOUR
LITTLE
LEAGUER
MOVES INTO

THE BIG LEAGUES

... that's the goal of sports minded fathers. Maybe you didn't think your boy would be as good as he is when you used to ride together — Now he's proven himself and he should have the machinery to match his ability — to give him the greatest winning potential. When your son is ready for the Big Leagues, get him the Choice of Champions — Husqvarna — and see how often you can say, "That's MY son!"
