

# 1976 1/2 CATALOG of Motocross Products

# Honda CR125 M

# 2 Package Racer

An out-of-the box racer from the same FMF experts who build winning motocross machines for Honda Team Riders like Marty Smith. We uncrate a brand new CR 125 M2 Honda, totally race prepare it and set it up with all the FMF race-proven products. It goes back in the box and is shipped to you. (Bolt-on the front wheel and handlebars and you are ready to race!)

This complete package includes:

- *New CR 125 M2 Honda Elsinore Motorcycle*
- *FMF Ported Cylinder* - More torque, more power, wider power band
- *Hi-Compression Porcupine Head* - 18% greater cooling area, special combustion chamber
- *Hi-Rev Ignition Kit* - (optional) electronic ignition, hotter spark, longer plug life
- *34mm Mikuni Carb* - super carb, matched to FMF package
- *FMF "Pro" Pipe* - boosts power throughout power band, greatly increased top end
- *Special Intake Manifold* - steel reinforced, stops carburetor vibration
- *Flexible Air Boot* - airtight, matched to larger Mikuni Carb
- *Big Chain Kit* - heavy duty no. 520 chain, resists stretching
- *Competition Gas Girling Shocks with Springs* - nitrogen pressurized, stay cool
- *Heavy-Duty Bronze Swingarm Bushings* - keep swingarm in line, won't wear out
- *Sealed Air Fork Caps* - air pressure forks, easily adjusted, lighter front end
- *Red Neoprene Fork Boots* - protect seals, extend seal life
- *Red Foam Fork Protectors* - impact absorbing foam protects forks from flying rocks
- *Yellow Soft Competition Grips* - surgical rubber, reduces hand and arm fatigue, prevents blisters

*Exclusively from the Flying Machine Factory.*

Also available as a 100cc machine.  
Call or write FMF for details.
