The purchase price of your DG Racer or Mini Racer includes having a DG Factory Mechanic with you on the first day you race your new DG Racer. We do this in order to provide on-the-spot tuning for that first race and offer advice on a continuing maintenance program to help you keep your DG racer a top performance machine. (Limited to races held in the continental United States).

DG'S MINI RACER

The complete DG Mini Racer begins as a new 80cc Yamaha or Suzuki. DG's watchful mechanics then race-prep to DG Race Team specs with the following:

- Mini Betor Forks
- Air Forks
- DG Gold Rims (17-inch front) and 8 Guage Gold Spokes
- Expert Engine Kit
- 428H Chain Kit
- Chain Tensioner
- 275 x 17 Front Tire, 410 x 14 Rear Tire
- Seat Kit
- Chromoly Bars
- Side Panels
- No. Plate
- DG Grips
- And other Trick Touches to Achieve that DG TEAM LOOK.
