Our Latest
Hi-Performance
Products
Specializing In
Honda CR-125
All Pentons

Our latest high performance products for the top moto-cross pro rider to the beginning racer wanting more power and ultimate handling.

FMF products have been developed extensively by Don Emler, tuner of many race winning M/X bikes, including the Irwindale National Championship of 1974, and many other wins in Southern California events.

A Few Top Riders Now Running FMF Products:

Marty Smith

Dave Miller

Chuck Bower

Tommy Croft

Tim Lunde

Mickey Boone

Mark Tyer

***Please Note** — FMF is a non-believer in Dyno Research to attain maximum horsepower. True, a Dyno does show certain informative figures (jetting, timing, etc. . . .). FMF products are tried exhaustively on the *race track*, where we feel;

"Is Where It All Counts"
