
THE SPARK AND THE SPARKLES.

Thanks to the spark of Bosch Silver Sports Spark Plugs, there are sparkles in the eyes of Pat Richter and MOTO-X FOX. Together in 1977 they teamed up to capture top American placing in the 125cc U.S. Grand Prix and 2nd Overall 125cc at Hangtown.

For that something extra from your machine, let the Bosch Silver Sports provide the spark. It's their hardened silver center

electrode that not only prevents fouling, but also assures faster starts, longer life and quicker acceleration. Get the spark in your bike and the sparkle of success in your eyes by teaming up with Bosch Silver Sports plugs and winning quality engineered products from MOTO-X FOX.

At MOTO-X FOX we race what we sell, and we sell what we race!
